

NEED SOME REASONS TO PROTEST BANK OF AMERICA? THE LIST OF CRIMES ARE ENDLESS:

BANK OF AMERICA is the 3rd largest company in the **WORLD**.

They paid **NO FEDERAL TAXES** in 2009, 2010 & 2011!

But they received a **\$1 BILLION DOLLAR TAX REFUND!**

BoA was one of the **LARGEST RECIPIENTS OF BAILOUT FUNDS IN 2008**.

BANK OF AMERICA

☛ is facing over a dozen major lawsuits for selling fraudulent securities to institutional investors. They have settled for \$8.5 billion in damages with investors, still face a further \$10 billion in similar claims from AIG, and \$700 million more from Allstate, as well as a fraud suit for just over \$1 billion by U.S. Bancorp.

☛ settled for **\$624 million** in a case that claimed they knowingly sold in fraudulent securities to **New York PUBLIC PENSION funds**. Also settled for **\$315 million** in a case involving the **Mississippi state PENSION fund**. Similar cases from other states are in the pipeline.

☛ A federal case alleges that **BoA** sold over **\$3 billion of worthless securities** to Fannie Mae and Freddie Mac.

☛ **BoA CEO** makes **441 times more** than the average bank teller in their branches.

☛ faces over a dozen class-action suits alleging improper foreclosure on **THOUSANDS OF HOMEOWNERS**, some alleging perjured, “robo-signed” evidence. **BoA** is also accused of deliberately slowing down mortgage modification claims to avoid compliance with programs that aid distressed families, requirements imposed on BofA as one of the largest recipients of 2008 bailout funds.

☛ Dozens of localities are alleging that **BoA** systematically **EVADED HUNDREDS OF MILLIONS IN LOCAL TAXES** by using **MERS**, an electronic mortgage registration system that allows the avoidance of county-level mortgage-registration fees.

☛ Earlier this year **BoA** paid \$335 million to settle claims that Countrywide had systematically sold minorities riskier adjustable “sub-prime” loans when they were, in fact, well-qualified for safer, fixed-rate mortgages.

☛ After purchasing ailing Merrill Lynch with taxpayer funds, bonuses paid to Merrill executives—to ease the merger approval process—became the subject of a lawsuit. While they settled with the S.E.C. for \$33 million, a judge later **QUADRUPLED THE FINE** to **\$125 million** to resolve the claim of fraud.
