

Police Brutality?

Aim Higher!

People's Shooting Competition

&

March Against the Killer Cop Contest

Copper & San Pedro // Sun. Sept. 14th 1pm

We as a city deserve to be famous for so much more than our trigger-happy police department. We need to aim higher than reducing the frequency of police murders & fundamentally change the way justice is done. **We need to take aim at the very institutions that oppress us.** On the second day of the National Police Shooting Comp. in ABQ, we'll march from San Pedro & Copper, to Jack & Jill Park where we'll open fire on Racial Profiling, Police Brutality, Class Discrimination & Prisons.

(Notice: We will not be using firearms at this event. Targets will be pumped full of nerf darts and/or drowned by water guns. These toy guns should be used at the park ONLY, please DO NOT BRING them to the march.)
